KICK +

6 - 3 - 18

+ 2.5Fe 3MgO 6CaO

Product description

KICK + is a Homogenous Mini Granule fertiliser for use on fine turf.

Product advantages

KICK + is ideal for Spring & Autumn application.

KICK + has a 1:3 Nitrogen to Potassium ratio to give stronger cells for increased wear tolerance.

KICK + contains 2 nitrogen sources.

KICK + contains slow release Potassium for enhanced turf vigour and health over a longer period.

KICK + contains Iron and Magnesium for enhanced colour.

Product application

KICK + is recommended at 35 to 50g/m².

KICK + is best watered in after application to aid dispersal.
